SUMMARY

Experienced Full Stack Engineer | Proficient in Medical and Government Sectors | Expertise in Software Development and Project Management
A technically driven engineer with experience developing and deploying full-stack web applications in production environments. Skilled in frontend development, deployment pipelines, and cloud hosting, with a strong sense of project ownership from build through release. Known for practical problem-solving, clean implementation, and delivering user-focused software.

TECHNICAL SKILLS

Languages: JavaScript (Next.js, React.js, Angular, Vue.js), TypeScript, HTML/CSS, Tailwind CSS, PHP, Ruby on Rails; **Backend:** Node.js, Express.js, MongoDB, PostgreSQL; **Cloud Platforms:** AWS, GCP, Microsoft Azure; **Tools & Frameworks:** Git, GitHub, Jira, Figma, Adobe XD; **Methodologies:** Agile Development, Software Testing, Responsive Design

TECHNICAL PROJECTS

Law Firm App- GitHub Cire-Legal	October 2025-Present
<ul style="list-style-type: none">Led end-to-end development and deployment of a law firm website, from frontend build through production release, including hosting, DNS, and SSL configuration.<ul style="list-style-type: none">Tech Stack: React and JavaScript, Tailwind CSS, and Netlify, and SSL-enabled deployment.	
Mental Health Website- GitHub	July 2025-Present
<ul style="list-style-type: none">Developing a mental health platform using Next.js, focused on enhancing user well-being through a blend of technology and mindfulness practices.Implementing responsive and engaging features for users to access a variety of calming games and tech-driven relaxation tools,<ul style="list-style-type: none">Tech Stack: Next.js, React, Tailwind CSS, MongoDB, Express	
Portfolio Website- GitHub Portfolio Website	January 2024
<ul style="list-style-type: none">Developed a personal website using React and Tailwind CSS to showcase professional background, skills, and projects.Featured navigation, insightful content sections, and an interactive contact form for seamless.<ul style="list-style-type: none">Tech Stack: JavaScript, React, Tailwind CSS<ul style="list-style-type: none"><i>Mobile App Development:</i> Utilized design tools like Adobe XD and Figma, troubleshooting and debugging mobile apps to ensure seamless user experiences for my projects.	
Synthesis Workshop- GitHub Live site	November 2023
<ul style="list-style-type: none">Implemented the PublicationCard backend for efficient data management and retrieval.Highlighted recent publications to elevate the quality of chemistry education.Enhanced user interface and created a versatile PublicationCard component.Organized database structure for optimal performance.<ul style="list-style-type: none">Tech Stack: Storybook, TypeScript, React, Tailwind CSS, Express, MongoDB	

EXPERIENCE

Project Management | Various Companies | Aug 2014 - Present

Technical Project Manager | Culture Lancer | Remote

- Led end-to-end technical projects, including defining strategies aligned with business objectives and managing project timelines to successful completion.
- Spearheaded platform development using TypeScript, Node.js, and MongoDB, collaborating with UX designers and developers to deliver user-centric solutions.
- Enhanced cross-functional collaboration across geographically dispersed teams through Agile methodologies.
- Applied data-driven insights to optimize talent allocation strategies and improve logistical efficiency for client projects.

Software Engineer | Good Shepherd Consultation | Atlanta, Georgia

- Developed responsive websites and applications, leveraging modern tech stacks like React.js, Node.js, and MongoDB.
- Integrated cloud-native features using AWS and GCP to ensure application scalability and reliability.
- Led Agile product development initiatives, collaborating with teams to deliver cloud-based solutions tailored to client needs.
- Optimized software quality by applying AI technologies for automated bug identification and performance enhancement.

Software Engineer | Synthetic Workshop | Remote

- Designed and implemented backend solutions for data management and retrieval using Express.js and MongoDB.
- Improved user experience through versatile UI components built with Storybook and React.
- Enhanced database structures to ensure optimal performance and scalability.

IT Project Manager Consultant | American Cancer Society, Atlanta, GA | Remote

- Data Center Integration: Enhanced data migration using cloud services, driving improved growth and performance. Implemented robust data integration strategies utilizing AI and data technologies to optimize system performance.
- Cross-Industry Collaboration: Collaborated with diverse industry partners to ensure successful data integration. Managed relationships across various sectors, leveraging telecommunications to coordinate and complete services.

Project Manager | City of Atlanta | Atlanta, GA

- Directed \$3.5M grant reimbursements and streamlined allocation processes using advanced analytics and data-driven decision-making.
- Designed logistics optimization strategies that significantly improved operational efficiency and resource allocation.
- Collaborated with cross-industry partners to execute large-scale data integration projects, leveraging telecommunications for seamless coordination.

Project Manager | DeKalb County Government | Decatur, GA

- Utility Data Analysis: Conducted comprehensive research and analysis of utility data, leveraging data-driven insights to develop strategic recommendations. Presented findings to executives, including CEO, CFO, COO, and other C-suite heads, and drafted Service Level Agreements (SLAs) for vendor partners.
- Supply Chain Logistics: Designed and implemented data-driven strategies to enhance logistics and supply chain efficiency. Utilized advanced analytics to identify bottlenecks and optimize resource allocation.

EDUCATION & CREDENTIALS

License & Certifications:

- Triple Ten by Yandex | Full-Stack Engineer Certificate | 2022-2023
- Project Management Professional (PMP), Project Management Institute

Education

- Master of Science (MS), Clinical Mental Health, Mercer University
- Bachelor of Arts (BA), Psychology, Clark Atlanta University
